

What Is Youth?

Wednesday is the night set aside each week for high school youth to gather together for fellowship, worship, and growth through Bible learning.

The first Wednesday of each month, high school students meet at EXPEDITIONS UNLIMITED for community gathering of all grades together.

The following Wednesdays provide the opportunity for high school students to meet in small groups for a time of Bible study, prayer, group accountability and fellowship with other teens their own age. These small groups are designated by grade and meet at various church leaders homes throughout the city of Baraboo.

Through concerts, missions trips, outing events, and more, the high school groups strive to grow together as the family of God!
